Subject: Quantity discrepancy and payment reconciliation — Invoice KLT/INV/2025/1187

We refer to the above invoice for 1,200 units of cotton industrial fabric. Our receiving records and physical count show that 1,080 units were received on 25 November 2025. The difference is 120 units.

We request a reconciliation of the dispatch records, transport records, and invoice. Until the quantity discrepancy is resolved, the disputed amount remains subject to reconciliation.

Our records show that the invoice became due on 26 December 2025. As of the date of this test case, the payment has remained unresolved.

Please provide supporting dispatch and delivery evidence and confirm whether a credit note or replacement shipment will be issued for the shortage.

Important: This correspondence is entirely fictional and is provided to test an MSME dispute-resolution application's document extraction, timeline, evidence linking, and negotiation modules.
